

**4K**  
**ULTRA HD**

## Tablet-Like Touch

### Flat Edge-to-Edge Design

Clear glass edge-to-edge makes for a clear smooth touch-screen surface with no raised bezel.

### Touch, and Stylus Support

The Volanti 32" Ultra-HD (4K) touch monitor provides support for both multi-touch applications and will work with a fine 1.9mm active stylus.

### Advanced Electronics

In addition to the HDMI video inputs supporting 60Hz 4K signals, there is also support for communications via the RS-232 port with room controller compatibility.

### Aluminum & Powder Coat Enclosure

Construction is a full shell aluminum enclosure with a smooth matte powder coating.

## 32" 4K Multi-Touch Display

### Features:

- High resolution 3840x2160 display
- Reduced parallax from touch surface to display
- Slim, edge-to-edge design - no raised bezel
- Finger & active stylus support
- Up to 10 simultaneous touches and glove support
- Plug & Play with Windows 8/10/11, Android (HID compatible)
- RS-232 connection for room controller compatibility.
