

Genesis

Rethink The Way You Display

Part of the Volanti 'Designer Series', the Genesis' LCD circular display introduces retailers / venue to a 26.5" unique, eye-catching 'plug and play' video module that is sure to turn heads. Create, express and deliver video content in a whole new way.

The Genesis' circular frame makes for a one-of-a-kind display. The bright LCD displays are suitable for all indoor lighting environments. Used individually or as part of a creative arrangement via daisy-chain configuration, the Genesis will stand out in any environment.

Customize the color(s) of the LED backlit frame for a glowing 'Halo' effect. Add an oscillating feature that cycles through the entire color spectrum. The choice is up to you.

Creatively Express Yourself

Rethink interior design. Create, express and deliver art, content and promotional material in a whole new way.

Perfect for retailers, public venues, galleries and museums looking to make impact and take effective communication to a whole new level. Compatible with most HDMI based media players.

Applications Include:

- Retail Displays
- Venue Displays
- Trade Shows
- Modern Art Pieces
- Lobbies
- Embedded Wall Features
