Measurement

32" and 43" models, both with high resolution Ultra-HD 4K resolution, this tabletop plan review display enables positioning for maximum usability. Ideal for Bluebeam, Stack SmartUse, Autodesk, Procore, Plangrid, Planview and other applications used in planning and construction.

The manual tilt adjustment provides a choice of tilt angles of **flat, 30, 40, 50, 60 and 70 degrees**. enabling an ergonomic position for a standing or sitting workspace. The size is ideal for desks, tables and other worktops. The stand also folds so the display can lie completely flat.

Specifications:
